

HPU12A/B/C Series Discontinue Announcement

Dec. 1, 2017

Dear Sirs/Madams,

Thank you very much for choosing HPU12A/B/C series as your ideal switching power supply.

Sinpro periodically re-evaluate our product lines and have decided to discontinue HPU12A/B/C series and will remove these series from official website on 2018/06/30.

Current safety certification status of HPU12A/B/C series is showed below; we will not update and maintain their certificates from now on. For the new projects, we recommend you MPU12A/B/C and HPU15 as the alternative. If you still have demand on this series, we can offer it for old projects.

However, please understand our certification maintenance policy before placing orders and we will automatically remove the safety mark on label if it is expired.

• **HPU12A/B/C Safety Certificate List**
