

IBU6X and IUU6X Series Discontinue Announcement

Dec. 1, 2017

Dear Sirs/Madams,

Thank you very much for choosing IBU6X and IUU6X series as your ideal switching power supply.

Sinpro periodically re-evaluate our product lines and have decided to discontinue IBU6X and IUU6X series and will remove these series from official website on 2018/06/30.

Current safety certification status of IBU6X and IUU6X series are showed below; we will not update and maintain their certificates from now on. For the new projects, we recommend you SBU6X and SUU6X as the alternative. If you still have demand on IBU6X and IUU6X series, we can offer it for old projects. However, please understand our certification maintenance policy before placing orders and we will automatically remove the safety mark on label if it is expired.
